\*Web-based energy analysis is only available to Autodesk Subscription customers of Autodesk Revit MEP software, or an Autodesk suite containing Autodesk Revit MEP, during the term of their Subscription.

\*\*The Citrix application is network-based, and performance of Autodesk Citrix Ready Applications may vary with network performance. The software does not include the Citrix application, nor does Autodesk provide direct support for issues with the Citrix application. Users should contact Citrix directly with questions related to procurement and operation of the Citrix application.
